IBRAH — SAY EACH ONE, THEN MOVE ON

- Two men can refuse the same payment for two different reasons, and the book takes care to say which is which.
- The first engagement of the war was a setback, and the book records it without embarrassment.
- The whole war was set moving from one camp, in one sitting, by a man who had just been told to go home.
- Sometimes the truest counsel is to tell a brave man that the community cannot afford to lose him.
- The claim collapsed the moment somebody asked it for something specific.
